Celebrate summer and warm weather by listening to Bach in a wonderful acoustic space.

**Sunday, June 11 2006 2 PM
12 Emily Street (the old catholic church)
Valley Falls, NY 12185
Admission by donation**

Re:Soundings presents **David Gibson** performing the *Bach Unaccompanied Cello Suites*. He will be performing Suites 2 (D Minor), 3 (C Major), and 6 (D Major).

As a performer, David Gibson has been a pioneer in the field of electronic music. His repertoire includes music from the 14th century to the present, and he feels as much at home with Brahms as he does with David Behrman. He has performed throughout this country as well as Canada and Europe.

David Gibson holds degrees from the Juilliard School of Music '67 and Yale University '72. His primary field was cello performance, and his most influential teachers were Luigi Silva, Claus Adam, and Dorthy DeLay. He studied conducting with Jorge Mester at Juilliard, composition with Jacob Druckman at Yale and had a close association with Morton Feldman while a member of the Center for the Creative and Performing Arts in Buffalo, NY '72-'74.

Mr. Gibson has been on the performance and chamber music faculties of the University at Albany, Georgetown University, Mannes College of Music, and Meadowmont School of Music. He currently teaches cello at Bennington College and runs the theory and instrumental music program at Rennselaer Polytechnic Institute.

As a cello teacher, Mr. Gibson has specialized in producing virtuoso performers. He has placed students in virtually every major conservatory in the country. His students have won major national and international competitions and many have significant musical careers.

Valley Falls is 20 minutes north of Troy and 25 minutes west of North Bennington.
